

### **DAY 1: ARUSHA - TARANGIRE**

After breakfast do we head into the Tarangire National Park for a morning game drive. The park runs along the line of the Tarangire River and is mainly made up of low-lying hills on the Great Rift Valley floor. Its natural vegetation mainly consists of Acacia woodland and giant African Baobab trees, with huge swamp areas in the south. Both the river and the swamps act like a magnet for wild animals, during Tanzania's dry season. The Tarangire National Park is reputed to contain some of the largest elephant herds in Africa. This African national park is also home to three rare species of animals – the Greater Kudu, the Fringed-eared Oryx, as well as a few Ashy Starlings. Dinner and overnight (**Burudika Lodge**)

### **DAY 2: TARANGIRE NATIONAL PARK – SERENGETI PLAINS**

After breakfast we head towards the Serengeti National Park, via the beautiful high lying farmland of Karatu and the Ngorongoro Conservation Area. Leaving the highlands behind, we descend into the heart of wild Africa – the Serengeti National Park – with its endless plains, rolling into the distance as far as the eye can see. We head to the central park area, known as the Seronera area, one of the richest wildlife habitats in the park, featuring the Seronera River, which provides a valuable water source to this area and therefore attracts wildlife well representative of most of the Serengeti's species. (**Lobo Wildlife Lodge**)

### **DAY 3: SERENGETI – NGORONGORO**

Today the safari adventure turns south and continues to the Ngorongoro conservation area (world UNESCO site and was once in the 7 wonders of the world) (6 hrs, 180 km). En route we stop at the Olduvai Gorge, famous as the spot where paleontologist Louis and Mary Leakey discovered some of the earliest remains of mankind. Picnic lunch enroute. In the afternoon drive up to the Ngorongoro Crater. one of the largest intact volcanic Crater in the world, the crater floor offers game viewing to homely permanent population of more than 30 000 animals, and is one of the only places in Africa where you stand a very good chance of seeing the big five (lion, buffalo, rhino and elephant). Dinner and overnight at the (**Rhino Lodge**)

### **DAY 4: NGORONGORO – ARUSHA**

After breakfast we descend 600m into this magnificent crater for a half-day game drive. The Ngorongoro Crater is one of the most densely crowded African wildlife areas in the world and is home to an estimated 30,000 animals including some of Tanzania's last remaining black rhino. Supported by a year round water supply and fodder, the Ngorongoro conservation area supports a vast variety of animals, which include herds of wildebeest, zebra, buffalo, eland, warthog, hippo, and giant African elephants. Another big draw card to this picturesque national park is its huge population of predators, which include lions, hyenas, jackals, cheetahs and the

ever-elusive leopard. We will enjoy a picnic lunch on the crater floor. Thereafter you will drive back to Arusha for Departure.
